* Executive Committee

May 4, 2005

Dear SCTLA Member:

The South Carolina Trial Lawyers Association is pleased to introduce RMH Telecom Consultants as an affinity partner of the Association.

RMH specializes in the analysis of your communication contracts and negotiates better rates with your service provider, or a different service provider. On your approval, these negotiated rates will be implemented. This firm receives no royalties or commissions from any communication companies, they are paid by you based on a percentage of your savings. If they don't save you money, you owe nothing!

We are very excited about this new service available to our membership and truly hope you will contact RMH Telecom for your communication contracts today.

To take advantage of this service please contact Vicki Carnes at (704) 219-2707 or e-mail her at vicarnes@aol.com.

Sincerely,

Linda M. Franklin

Dedicated To Keeping South Carolina Families Safe
